Climbing Head

Prerequisites:

Minimum Level 1 Challenge Course Practitioner and onsite training required. Standard First Aid /CPR C.

Overview:

Provide leadership and direction for indoor climbing, outdoor climbing, and low ropes course facilitation, and climbing focus campers, in order to ensure a safe and fun learning experience.

Expectations:

1. Provide supervision during all activity periods.
2. Ensure equipment is present, inventoried, and well maintained.
3. Follow industry standard best practices for regular inspection of all equipment as well as for the use of said equipment.
4. Retire equipment when necessary and request new equipment as needed.
5. Maintain logs of equipment use.
6. Safely and quickly execute rescue and emergency procedures when necessary.
7. Provide ongoing training to staff according to IAWAH's certification program with succession planning in mind.
8. Perform a pre- and post-summer inventory of all climbing and challenge course equipment.

In addition to the above expectations, the successful candidate will contribute positively to an environment where we seek to encourage, build up and humbly challenge one another to continually grow. As a leader, they will demonstrate discernment and maturity helping to perpetuate safety, efficiency and fun as we strive to create a place for campers as well as staff from many different walks of life to be able to open up and experience freedom in a life with Christ.

All staff are required to sign IAWAH's Statement of Faith, Lifestyle Agreement and Commitment to team.
